500 TUNS of WIRE WANTED.—
Proposals are invited by the undersigned, on the part of the NIAGARA FALLS INTERNATIONAL BRIDGE COMPANIES, for the construction of the wise cables of the Railroad Suspension Bridge, of 200 feet apan, to be errected over the Niasara River, below the Falls, for the delivery of ONE MILLION OF POUNDS OF IRON WIRE, or any portion of it, not less than 100,000 lbs, at the site of the bridge, on the following conditions:

The wire is to be delivered in hive equal September the months of May, June, July, August, and September

next year 11. On delivery the wire will be examined and tested in of next year.

11. On delivery the wire will be examined and tested in the following manner; Of every 5 bundles, or 1,600 los, one stein will be selected, and suspended between two posts 400 feet apart, the one and attached to a capstan, by which it will be gradually handed on until it breaks. The condition now is, that this wire must not break with a greater deflection than 9 inches, which is equivalent to 1,300 lbs., or 90,000 per superficial inch of solid wire section. If it stands this test, then further examination of that 1,000 lbs., in respect to other qualities, will be continued; but if not, it will be rejected and placed at the disposal of the contractor.

12. As regards toughness and fibre, each end of a skein will be tested by bending it sunare over the jaws of a large pair of new and sharp piters, and bending it back again. The wire must stand this test without the least sign of failure. Its hardness and elasticity will at the same time be examined by bending and swinging, also by hammering, filing and notebing the ends, which forms part of the operation of spliting.

splicing
13. Such lots as have stood the various tests satisfactorily,
13. Such lots as have stood the various tests satisfactorily,
14. While the paid to the contractor in bankable
15. Value will then be paid to the contractor in bankable

full value will then be paid to the contractor in bankable funds

14. The 20 per cent, will be reserved for four months longer. Should in that time, during the construction of the cables, any more defective akeins be discovered, such skeins will be rejected and placed at the contractor's disposal, either broken or whole, olded or not oiled, in such condition as they happen to be during the progress of the work. The value of such wire, together with the labor expended upon it, will then be deducted of the 20 per cent, reserved.

15. The undersigned, as the Engineer of the Bridge, will be the sole judge of the above tests; he will stand as an impartial imprire between the contractor and the Bridge Companies at 6 from his decision there shall be no appeal.

16. Proposals for imported wire will also be accepted. One-half or 500,000 he will be used on the Canada side, and may be bonded, if imported by way of New-York.

17. Proposals will be received until the 1st of October next; they are to be directed to the undersigned, at Niagara Falls, N. Y., and should be marked on the envelope "Proposals for Bridge Wire."

18. Those contractors, whose proposals are accepted, will be informed of the fact by mail before or on the 10th of October next.

Engineer of the Niagara Falls Railroad Suspension Bridge. Ringara Falls, N. Y., August 5, 1832.
